Gentlemen,

We want to take this opportunity to tell how much we appreciate the fine work your company did on the City of Lebanon railroad upgrade project.

The paving work done by your crew in each of the grade crossings that we reconstructed was top notch work, and helped to produce a quality installation for the City. We have received compliments from representatives of the Project Engineer, City of Lebanon, State of Ohio, and the True Edge private owner on the final product at each of the grade crossings.

Attached is a copy of the notice distributed by the City inviting each of us to their "Back-on-Track" weekend celebration on May 5th and 6th. There is a dedication ceremony Saturday May 5th beginning at 10:00 a.m. at the train station, followed by train rides and other activities. We hope you are able to attend and help the City celebrate the reopening of the railroad.

Thank you for the fine quality work performed on this project. Your company should be proud of the work you did on this project.

We will be sure to seek your involvement in any future projects that we may have in areas you wish to service.

Looking forward to seeing you this weekend at the City celebration. We are,

Sincerely yours,

C. Clem Cooke III, President
